

SAFE HARBOR RESCUE ADOPTION GUIDELINES & REQUIREMENTS

GUIDELINES & REQUIREMENTS

1. You must agree to a background check of other animals you own to determine their vaccination status. This means we will call your current vet (if we are not your current vet) to get that information. This may take several days depending on the response time. We reserve the right to decline an adoption if resident animals are not current on their vaccinations.
2. If you are interested in adoption on the of the Safe Harbor pets, you may place a hold deposit which is half of the total adoption fee. This must be submitted by either cash or check. Submitting a holding fee DOES NOT guarantee that you will be approved for adoption. A hold simply ensures that another adopter cannot adopt the pet you are interested in while you are completing the adoption process and background check. If your adoption does not go through, your hold deposit will be refunded.
3. An Adoption fee, plus a spay/neuter deposit of \$100, is required by either cash or check in order to adopt an animal from Safe Harbor Rescue. If you choose to have your adopted pet spayed or neutered at another veterinary facility, you are still required to pay the \$100 spay/neuter deposit until you are able to provide proof of the animal's surgery. At which time, your \$100 spay/neuter deposit will be refunded.

SAFE HARBOR RESCUE ADOPTION FEES:

Kittens: \$125 each

Cats ages 1-3: \$100, each additional cat over 1 is an additional \$50

Cats over 3: \$50 each

4. You will be required to sign an adoption contract agreeing to the following:
 - Keep the cat/kitten indoor at all times
 - Allow Safe Harbor Rescue to follow-up and check on the welfare of the adopted animal
 - Spay/neuter the adopted animal within 14 days of the adoption, if not already completed at the time of adoption (this is state law)
 - Provide regular veterinary care for the adopted animal including annual vaccinations and wellness exams

Please fill out the attached adoption questionnaire and return to the receptionist or Safe Harbor Rescue staff or volunteer when completed.

Please note that the above requirements must be completed for any adoption approval. We keep very strict adoption procedures for the welfare of the animals in our care. We appreciate your cooperation. Thank you for choosing Safe Harbor Rescue!

The Safe Harbor Rescue adoption process can take up to 72 hours to complete. Submitting this paperwork starts the adoption process but does not guarantee approval for adoption.
